**T**his NEWS BULLETIN, is for the first quarter of the year 2018, so let me say compliments of the year (even though the year is no longer new).

The year 2018 seems to be a good one for the UATH for many worthy things have happened in quick

succession, namely:

- The SERVICOM organized stakeholders' Town Hall meet and the Merit Award ceremony to deserving members of staff.
- The designation of the UATH, as the National Center for the assessment of foreign trained medical and dental graduates.
- The successful conduct of the clinical assessment of the foreign trained medical and dental graduates. Another exercise is scheduled for April 2018.
- The hosting of over 300 trainees at the Revision and Update Course of the Faculty of Obstetrics and Gynaecology, West African College of Surgeons.
- The Essential Gynaecological Skills trainings at the Post Basic ICN School, sponsored by the Royal College of Obstetricians and Gynaecologists (UK).
- The update and revision course organized by the Association of Paediatric Surgeons of Nigeria (APSON).
- The waiver given by the Head of Service to engage nurses and junior resident doctors and the subsequent

screening written tests.

- The production of a high quality, liquid soap, anti-bacterial hand wash christened UATHOL by the Pharmacy Department.
- The inauguration of the 5th Board of Management of the University of Abuja Teaching Hospital with Dr. Sam Sam Jaja as Chairman by the Honorable Minister of Health, Prof. Isaac F. Adewole.

You will also recall we had adopted the systematic approach (The Train Model) to address the numerous challenges of the Hospital with limited resources. The 'Development train' has just left the SCBU for the Main Theater and the Anaesthesia Department before heading to the CSSD. It will eventually get to you, so be patient with us!

Finally, let us welcome on board the new Provost, College of Health Sciences, Prof. E. S. Garba; the Dean, Faculty of Clinical Sciences, Prof. Felicia Anumah; HOD Surgery, Prof. J. Y. Chinda and the new HOD Internal Medicine, Prof. E. A. Nwankwo. We wish them a productive and memorable tenure. Happy reading and God bless! ■
